

Flooring Maintenance

Trident Industry / MTC Product Category

MTC (6mm / AC4)

July 2024

Trident Industry's MTC flooring will provide years of low maintenance. Our durable protective finish and moisture resistance will allow for easy care - keeping your floor looking new for years to come.

IN ORDER TO KEEP YOUR MTC Flooring CLEAN AND BEAUTIFUL:

- For everyday maintenance, use a damp mop - avoid flooding the floor. Do not use a steam mop.
- Vacuum or Sweep the floor with a soft bristle broom to remove dirt.
- Use "No-Rinse" non-abrasive floor cleaner.
- Do not use soap base detergents or abrasive cleaners.
- Use large surface, non-staining floor protectors for heavy furniture.
- Use interior and exterior doormats at all entrances to collect dirt and moisture and prevent it from being tracked onto the floor.
- Avoid latex or rubber mats that may stain the floor.
- Avoid after-market coating that cause structural damage to the floor, such as cupping and staining - such will void product warranty.

IN CASES WITH STAINS AND SPILLS:

- For Stains and Spills such as (Acid, Blood, Alkalis, Ketchup, Mustard, Cleaners, Dye, Grass, Iodine, Mercurochrome, Rust, Urine, and Excrement): Use the following remedy: (full-strength vinyl cleaner, isopropyl alcohol, 10 to 1 diluted liquid bleach, or lemon juice).
- For Paint and Solvent Spills such as (Nail Polish, Wood Varnish, Latex Paint/Lacquer, and Dry-Cleaning Solution): Try to gently peel it from floor without using sharp objects that may scratch the floor.
- Rub lightly using mineral spirits or vinyl cleaner.
- In the case of Nail Polish Spill, use nail polish remover.

IN CASES WITH HARD TO WIPE SUBSTANCES SUCH AS (Chewing Gum, Candle Wax, Tar and Adhesive):

- Carefully remove with fingernail or dull edge.
- Rubbing it with isopropyl alcohol, mineral spirits, or vinyl cleaner may help with the process.

For Scuffs and Smudges:

- Carefully remove with fingernail or dull edge.
- Rubbing it with isopropyl alcohol, mineral spirits, or vinyl cleaner may help with the process.

*Always rinse the affected area with clean water after treatment.
